

Horizons 2010 Summer Programs

Summer Fun 2010 CAMPS Sessions

Description: Your child is going to LOVE the exciting adventures we have planned for this summer! Each week we will explore a different theme together, complete with lots of opportunities for movement, music, problem solving, working together, and indoor and outdoor fun. Our camps are designed to offer a fun, safe, and therapeutic environment for children with developmental disabilities to engage with peers, try new things, and retain skills over the summer months. A low staff to child ratio ensures that everyone is supported. Principles of the Relationship Development Intervention (RDI)® Program are integrated throughout all activities, which provides opportunities for campers to improve communication, increase competence, enhance regulation, and build relationships.

Summer 2009 Schedule: You may select the weeks that best fit your schedule – choose one, a few, or all of them depending on your needs and summer plans. Our camp weeks run from Monday through Thursday. Morning groups meet from 9-12 and are for children ages 4-7. Afternoon groups meet from 1-4 and are for children ages 8-12. If your child is younger than 4 or older than 12, please call to discuss your specific needs.
